Meet Your Speakers

bit.ly/BB2023Speakers

The state of California has funded four years of digital mental health support for all 13 - 25 year olds.

This service provides live **coaching sessions**, **therapeutic tools** and a vibrant community of **moderated support** at no cost to users, their parents or the school district.

We need schools to help spread the word.

Find out more and get your [free promotion toolkit](https://go.kooth.com/school-pack) at go.kooth.com/school-pack

Welcome to the 2023 Breaking Barriers Integrated Care Symposium

Hello Breaking Barriers Symposium attendees, presenters, and friends! We are excited you are joining us once again to break barriers to care by, for, and with California's children and families. We are in an unprecedented time of reform and opportunity in California, leading the charge to ONE more responsive, comprehensive, accessible, and effective Children and Youth Ecosystem. We look forward to concretely moving that needle with you and cannot thank you enough for joining us as we, the people, hold the solutions to the challenges we face. Uniting in care is the way. If you have not attended before, get ready! This is a working conference designed for us to innovate, collaborate and share. Thank you, again, for being here!

Elizabeth Estes
Founder, Breaking Barriers California

Thank you to our 2023 Sponsors
