DR. ESTHER B. CLARK FOUNDED CHC IN 1953

“I got the idea, a little naïve, to have an area in the world where any child’s needs would be provided for.”

Dr. Clark believed:

- All kids deserved access to care
- That a community should provide for children’s needs
- In integrated care, cross system and professional expertise
- Where families could be assured of being respected and welcomed in their own language
- Where children could develop the social emotional learning skills and resilience to reach their full promise and potential

CHILDREN'S HEALTH COUNCIL

Our Vision

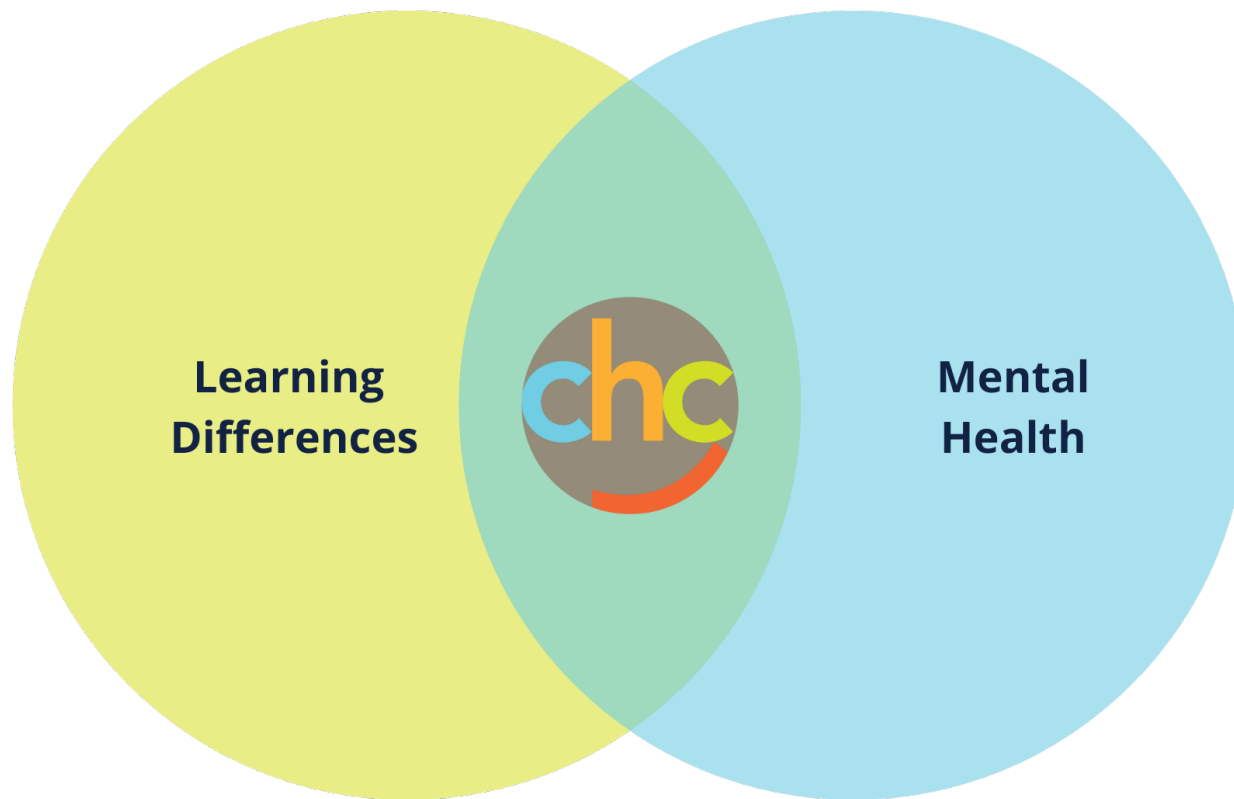

We believe in a world where every child, teen and young adult can reach their full promise and potential.

Our Mission

To transform young lives by providing culturally-responsive best-in-class services for learning differences and mental health to families from diverse backgrounds regardless of language, location or ability to pay.

RAVENSWOOD WELLNESS PARTNERSHIP

WHERE IS RAVENSWOOD

East Palo Alto is 2.5 square miles

WHO WE SERVE

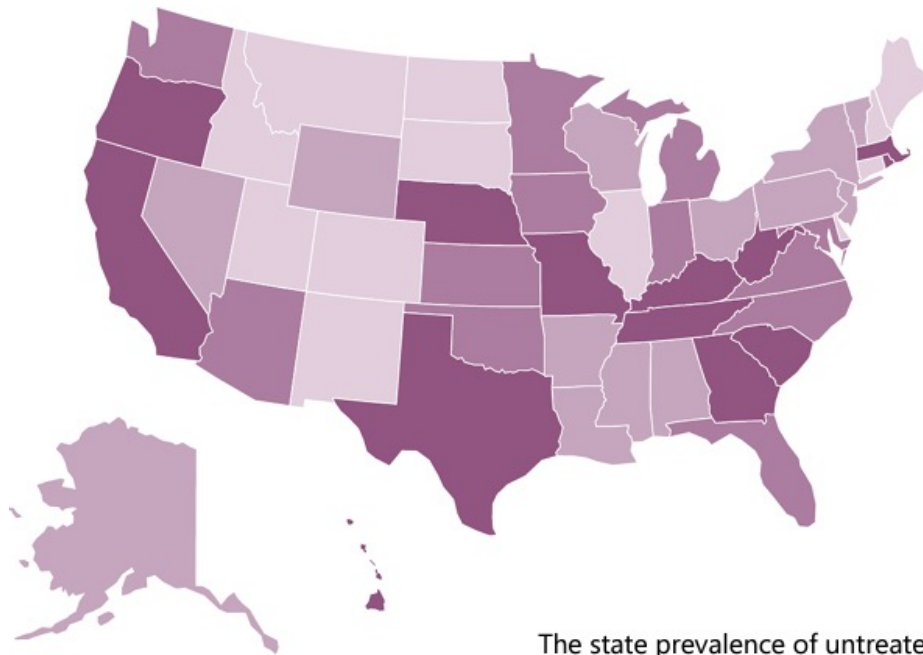

Ravenswood City School District serves 1,402 TK-8 students in East Palo Alto and east Menlo Park through three elementary schools and one comprehensive middle school.

- 89% of students are from low-income families compared to 7% in neighboring districts
- 43.4% of students are homeless or housing insecure
- 52.8% of students are English language learners
- 99% of students are students of color (84% Latinx, 8% Hawaiian or Pacific Islander, 5% Black or African American)

YOUTH ACCESS TO CARE

Youth with MDE Who Did Not Receive Mental Health Services

The state prevalence of untreated youth with depression ranges from:

32.6% (DC)	77.1% (SC)
Ranked 1-13	Ranked 39-51

59.8% of youth with major depression do not receive any mental health treatment.

Asian youth with MDE were least likely to receive specialty mental health care, with 78% reporting they did not receive mental health services in the past year. This was followed by 68% of multiracial youth and 68% of Black or African American youth with MDE who did not receive care.

In Kentucky, Hawaii, and Texas, **three-quarters** of youth with major depression did not receive mental health treatment. In South Carolina, the lowest ranking state, nearly 8 in 10 youth with depression do not receive care.

MISSION & VISION

Mission

Our mission is to provide youth and families in East Palo Alto and east Menlo Park with quality mental health care by increasing coordination, capacity, and access to culturally and linguistically appropriate mental health services.

Vision

We believe all children, teens, and young adults deserve access to mental health care. We imagine a system of care where no child in the Ravenswood community falls through the cracks due to an emerging or pre-emerging mental health issue that may impact their learning and/or ability to be happy, healthy, and successful.

AREAS OF FOCUS

Coordination

Improve mental health system coordination

Capacity

Increase mental health service capacity

Access

Increase access to mental health services
